

HULL & DECK

- 5-year structural warranty, 10-year blister warranty
- Vinylester barrier/skin coat with ISO/NPG gel coat
- Resin-infused hull and deck using end-grain balsa construction and high-strength multi-axial glass reinforcements
- Molded interior structural liner for forward accommodations
- Heavy-duty black rub rail w/SS insert striker
- Integral molded-in nonskid on deck
- Bottom paint

PLUMBING

- Pressure hot and cold fresh water system
- Fresh water head system
- 65 gal. polyethylene water tank
- 12-volt water pressure pump for domestic use
- 4 gal. water heater with heat exchanger to engine and 120VAC heating element
- Flexible PVC hot and cold water hose
- Double hose clamps installed on all thru-hulls and below waterline connections
- Underwater exhaust system with low-pressure bypass outlet
- Two 1,250 GPH 12-volt self priming bilge pumps, one below forward living area, one in engine space
- Marelon non-metallic seacocks and thru hulls
- Molded fiberglass low maintenance head sink with combination faucet and showerhead
- Stainless plumbing fixtures
- Cockpit shower

MECHANICAL

- Volvo D6-370 hp diesel engine
- 180 gal. aluminum alloy fuel tanks located under removable cockpit sole. Tank equipped with 2" deck fill, vent, pick-up tubes, w/shut-off, clean out and gauge sender
- Custom "True Quiet" system of engine space sound insulation
- Flexible engine mounts
- Integral baffled and sound deadened engine space air intakes through deckhouse sides aft. Air intakes with dedicated drains. Louvered aluminum grills
- Single lever electronic engine control combining gearshift and throttle control
- Power assist hydraulic steering system single station with varnished teak steering wheel
- Bronze tiller arm
- ACME 22 propeller shaft 2" diameter

- High-speed wedge bronze rudder with stainless steel shaft and internal structure
- Composite rudder port and packing gland assembly
- Fire Suppression system

ELECTRICAL

- Fully bonded and grounded to ABYC standards
- Custom Electrical distribution system
- Analog Meters: DC amps, volts
- Tinned copper wiring to inhibit corrosion
- 1 - 12vdc power outlet
- Lighting: (2) bulkhead-mounted swivel LED reading lights, (10) overhead LED lights, (4) low-level courtesy lights in cockpit, (4) low-level interior courtesy lights, (3) engine/equipment room lights
- Navigation lights: port and starboard side lights, white all-around combination steaming, anchor light mounted on canopy
- Chart light to port of helm station
- Remote searchlight
- Fixed cockpit floodlight
- (2) 4D Glass mat house batteries
- 120v AC 30 amp shore power w/3GFI outlets and cord
- Inverter/Charger

DECK HARDWARE

- (4) aluminum extruded hatches with screens
- (4) aluminum oval opening ports with screens
- Custom fabricated powder-coated aluminum upper deckhouse windshield with hinged forward center opening window and sliding side windows with screens
- Tinted safety glass window panels
- (3) windshield wipers with intermittent and washer functions
- (6) stainless steel mooring cleats
- Custom fabricated stainless steel anchor chute
- Six custom-fabricated stainless steel handrails
- Stainless steel fuel and water tank fills and holding tank pump out fitting
- Dual trumpet horns
- (3) cockpit lockers
- 12v DC electric anchor windlass with helm and foredeck mounted controls
- Anchor, chain and rode
- Varnished teak flag staff and ensign
- Tie downs

**FORWARD CABIN**

- Extra large V berth mounted forward in cabin w/filler to convert to oversized double berth
- White laminate bulkheads with satin varnished teak trim
- Starboard side locker with drawers; hanging locker
- Berth shelf storage

HEAD/SHOWER

- Low-maintenance molded surfaces
- Pressure hot and cold water
- Vacuflush marine toilet aft with 28 gal holding tank in engine space
- Molded sink in vanity with solid surface counter top
- Combination shower/sink faucet

GALLEY

- Contour shaped galley to starboard
- Solid surface countertop
- Custom molded FRP sink with overboard drain
- Hot and cold pressure faucet with pivoting spigot
- 12v DC refrigerator mounted under counter
- Single burner electric stove
- Drawers and storage lockers
- Microwave located in cabin

PILOTHOUSE

- White gel coat finish with oiled teak trim
- Stidd helm chair with arm rests and drop seat
- Access panel to main electrical system
- Console flat doubles as chart table surface
- Custom Sunbrella-covered settee and dual function companion seat. Settee converts to form large second berth
- Companionway with pocket oiled teak sliding louvered door and sliding top with security lock
- Ritchie magnetic compass
- Custom tool storage drawer with tools
- Canvas pilot house backdrop
- Dovetailed wooden drawers

COCKPIT

- Self-draining
- Removable sole for access to fuel tanks and exhaust system.
- Hinged access hatch to engine and shaft coupling area with electric lift
- Aft facing seat with Sunbrella cushion and cover

- Swim platform access via optional vertical hide-away tailgate or original reverse transom doors
- Recessed telescopic swim ladder
- Cockpit shower
- Fender storage locker

OPTIONS

- Volvo D6 (435hp) w/ ZF 80A gear
- Fisher Panda 4200 diesel generator
- Air conditioning
- Oil change pump
- Bowthruster - 12 volt electric w/joystick control at helm station. Faired tunnel for low drag
- Bow rail (long or short versions available)
- Name and hail port on transom
- Textiline window shades
- AwlGrip hull topsides
- Contrasting non-skid color
- Transom seating
- Electronics installed at factory
- Teak decking cockpit/pilothouse/swim platform
- Teak or cherry wood package
- Cushion fabric upgrades
- Sure Shade Bimini System
- Adventure Options (fishing, SCUBA, kayak racks etc.)
- Safety kit (fire extinguisher, life jackets, dock lines, fenders, etc.)
